progress...

A further few weeks into the 'big build' and here's a brief insight into what we have been up to...

- ✓ Block work has continued and very nearly finished on the external walls
- ✓ All the trisomet roofing has been installed
- ✓ External feature wall has been completed
- ✓ Scaffold has progressed allowing our bricklayers to start on the gables

meet the team...

Harry Cooper-Oldroyd

What is your role on the project?

I am the Assistant Construction Manager

What do you think about the project?

"being local to the area I have been a customer of the Farm-shop for years, the staff are always provide a welcoming smile and they serve the best pork pies, bar none! The new building is going to look very aesthetically pleasing once finished and should allow the Hinchliffe great story to continue onto greater chapters "

What do you like doing outside of work?

"on my weekends you'll find me attempting to hit a small ball round a field, as well as socialising with friends."

n e w s

it's all happening...

I&G Social Bowling 2019...

The I&G team took to the lanes at the UK Superbowl in Huddersfield to play for the I&G Social Cup.

Split into 3 teams the competition was fierce the standard was low but the fun factor was high!

Following the completion of two very competitive games, some dodgy score calculating (worryingly from our finance team) the Yellow Team, consisting of Sherwin, Lucian, Jane, Steve and Dean were the eventual overall winners of the I&G Social Cup!!!
